

COMMODITY GROUPS

Exhibitor:

1. Measurement and Control Equipment

- 1.1 Process control - system components
- 1.2 Process monitoring systems
- 1.3 Industrial communication network systems
- 1.4 Industrial alarm systems
- 1.5 Sensors and converters
- 1.6 Measuring devices and systems
- 1.7 Optical systems
- 1.8 Actuators
- 1.9 Other elements and components

2. Automation

- 2.1 Conventional and digital process control systems
- 2.2 Automation system design
- 2.3 System engineering and integration
- 2.4 Assembly and start-up of automation systems

3. Robotics

- 3.1 Industrial robots
- 3.2 Software for industrial robots
- 3.3 Equipment for robotized production installations
- 3.4 Components
- 3.5 Application of robotized stations, cells and lines
- 3.6 Industrial safety systems

4. Drives

- 4.1 Electric drives
- 4.2 Pneumatic drives
- 4.3 Hydraulic drives
- 4.4 Control systems for drives

5. Pumps for:

- 5.1 Municipal systems, construction, irrigation
- 5.2 Chemical and petrochemical industries
- 5.3 Power station
- 5.4 Food processing plants
- 5.5 Mining and shipyards
- 5.6 Other
